

## **ISOPOD™ REMOTE HOUSING UNITS**

Introducing our new C-unit with built in hallway:

Interior Hallway

**We can assemble onsite at a rate of 320 square feet every 20 minutes. These units come completely furnished with built in beds, wardrobes and desks: wired for internet, as well as cable TV & telephone if required. They are heated with zero clearance electric wall heaters and reverse air option is available. Pricing starts at \$28,500 USD (aprox. \$80 per sq. ft) with hardwood floors, R45 insulation, Class A fire rating, all steel construction and like all of our production units, they are hurricane proof and rated to withstand an earthquake of Mag. 8. Optional finishes and layouts are available, including EIT bathroom units which eliminate all blackwater and sewage concerns.**

Bedroom Interior

**Above is the shared room version, which is also available with bunk beds, or as a single bed unit. The standard beds, wardrobes and desks are steel (brushed, painted or enamel coat finish) with textured PVC detail points. Standard windows are high quality, multi directional, thermopane units with built-in external steel shutters, controlled from the inside. All door sets are custom PVC covered stainless steel with area appropriate locksets. Other options are available at wholesale pricing, such as TV/DVD units, built-in coffee makers, microwaves, complete bedding sets, flooring & furniture options and private bathrooms.**
